Mexico

Mexico is situated in the northern hemisphere of the American Continent. It borders the United States of America to the north, Guatemala and Belize to the south, the Gulf of Mexico to the east, and the Pacific Ocean to the west. Its territory has a total area of 1,964,375 km². The country is divided into 31 states and 1 Federal District.

Mexico offers a great variety of attractions including a heritage of Pre-Columbian civilizations, great archeological sites that shape the national identity and breathtakingly beautiful beaches. The country brings together the historical remains of cultures dating back thousands of years blended with the excitement of large cities. Mexico is unique thanks to its natural wealth combined with its remarkable historic elements and its internationally renowned infrastructure.

Mexico's diversity can be experienced throughout its states, all of which offer an endless number of destinations where all sorts of leisure activities are there to be enjoyed.

As the birthplace of great painters like Diego Rivera and Frida Kahlo as well as acclaimed writers like Agustin Yañez, Juan Jose Arreola, Octavio Paz and Carlos Fuentes, Mexico was also home to impressive muralists like Jose Clemente Orozco and David Alfaro Siqueiros, all of whom are part of a rich culture characterized by the expressions of all Mexicans.

Guadalajara, host city of the upcoming Pan American Games is located in the State of Jalisco, known internationally by its Mexican identity icons like "charrería", "mariachi" music and Tequila.

Jalisco offers endless possibilities: Cultural, natural, touristic and gastronomic; all of which will give America's Fiesta a color that is distinctly Mexican.

The City of Guadalajara

Guadalajara is the capital of the State of Jalisco. The city is located in the central region of the state and has a population of 1,600,940 people, making it the second largest city in Mexico.

The Guadalajara Metropolitan area also includes the municipalities of Zapopan, Tlaquepaque, Tonalá, Tlajomulco de Zuñiga and El Salto. Added together, the population for the metropolitan area totals 3,967,252 inhabitants according to the 2005 census.

Guadalajara is at an altitude of 1,567 meters above sea level and is one of the main cultural, economic, historic, industrial and religious centers in Mexico. All of this gives the city significant influence over the rest of the country.

“Tapatío” is the Spanish word used to refer to Guadalajara’s natives. The city is named in honor of the Spanish city of Guadalajara and the word may mean “rocky river”, “rocky valley” or “fort valley.”

Host of major events

The city was a subsite for the Mexico 1968 Olympic Games and the 1970 and 1986 football World Cups. It has also hosted several international events such as the first Ibero-American Summit in 1991 as well as the Latin American and the Caribbean-European Union Summits in 2004. In 2005, the city was named Cultural Capital of the Americas.

In 1987, the Guadalajara “Expo” Convention Center opened its doors and for the upcoming Pan American Games, the center will act as the International Broadcast Center, Technology Operations Center, Main Operations Center and the Main

There are more than 25,000 hotel rooms in the City and the metropolitan area is a national leader in the investment and development of commercial centers.

Official currency

The Peso is Mexico's official currency and is represented by the symbol \$. The bills that are currently in circulation have a denomination of 20, 50, 100, 500 and 1,000 pesos. The coins in circulation are 10, 20 and 50 cents as well as 1, 5, 10 and 20 pesos.

Exchange rates vary on a daily basis so, previously consulting rates with specialized foreign exchange providers is highly recommended in order to find out about the latest exchange rate.

In Guadalajara, currency and traveler's cheques may be exchanged directly at currency exchange businesses, at some banks or at any airport. The most common currency exchange is between the US dollar and the Mexican peso, or between the Euro and the Mexican peso. Exchanging from dollar to peso is the most recommended transaction.

Credit and debit cards

Credit cards are widely used in Guadalajara as they are accepted in almost all business establishments, hotels, restaurants and travel agencies; however, it's a good idea to carry some domestic currency for incidental expenses. The most accepted cards include Visa, Master Card, Diner's Club and American Express.

Voltage

Electric current is at 110 volts at 60 MHz. It's the same voltage that is used in the United States and Canada. If your electronic devices run on 220 volts, you will need an adapter. Please note that the standard plugs are flat-pronged.

Business hours

Like most Mexican cities, office hours usually run from 9AM to 5PM.

As for shopping centers, hours of operation run from 9AM to 8PM and while most open on Sundays, it's best to check before going.

Tipping

Tipping is not compulsory; however, at bars, restaurants, discotheques and night clubs, it is customary to leave a tip between 10 and 15 percent, not counting the value added tax (IVA) included in the bill.

For bellboys and valet parking attendants, a \$1 to \$2 US dollar tip for their service is customary in Guadalajara.

System of measurement

The system of measures used in Mexico is the Metric-Decimal system. Temperature is expressed in degrees Celsius and volume is expressed in liters.

BB

Hospitality

“Tapatíos” are widely recognized for their warmth and hospitality. You are like to feel at home in Guadalajara.

If you need tourism assistance in Guadalajara, you should be able to go to one of the Board of Tourism information booths that will be located throughout the State of Jalisco during the Pan American Games. These kiosks will be strategically placed in or around the Pan American venues.

Sports Information Center (SIC)

The Sports Information Center (SIC) has as a main objective the distribution of specific technical information related to the competition and training schedules of the Sports Program for the XVI Pan American Games Guadalajara 2011, as well as the friendly service and attention to the sports authorities.

The SIC services are exclusive for the National Olympic Committees, Technical Delegates, IFs, PCs, Referees and Technical Officials.

The access to these Information Centers can only be granted to people who carry an Access ID which will be given to the Chefs de Mission so they can authorize up to 3 people of the NOC's administrative staff and up to 2 people per Sport to access and obtain information.

Functions

1. To guarantee the information flow between the Pan American Village SIC and the Venue SICs before, during and after the events.
2. To coordinate the requests made by the users with the respective functional areas.
 - a. Box Lunch
 - b. Transportation
 - c. Accreditation replacement
 - d. Training
3. To organize the information delivery to the participating National Olympic Committees

Pan American Village SIC

This information center begins its operations before the SICs of the competition and training venues. The Pan American Village SIC provides initial information to the delegations about what to do at all times before and during the competitions.

This information center is located in the Residential Zone of the Pan American Village; its operation period will be from September 29th to October 30th, 2011 from 07:00 to 23:00 hrs. There will be two service periods for NOCs:

1. The first period will start upon arrival of the NOC, from September 29th to October 12th 2011, with a general information help desk to deliver training schedules and to manage transportation services.
2. The second service period will consist of groups, each group attending a specific discipline in a different help desk except for the group which will be in charge of the four disciplines held in the subsites of the XVI Pan American Games Guadalajara 2011.

Each group will open its services three days (72 hours) before the first competition day and it will close 12 hours after the end of the competition.

During the competition each group will provide technical information to the delegations in the Pan American Village through pigeon holes. There are two main pigeon holes, one is exclusive for the Chefs de Mission and the other one is for general use, which is for people who carry a SIC access ID.

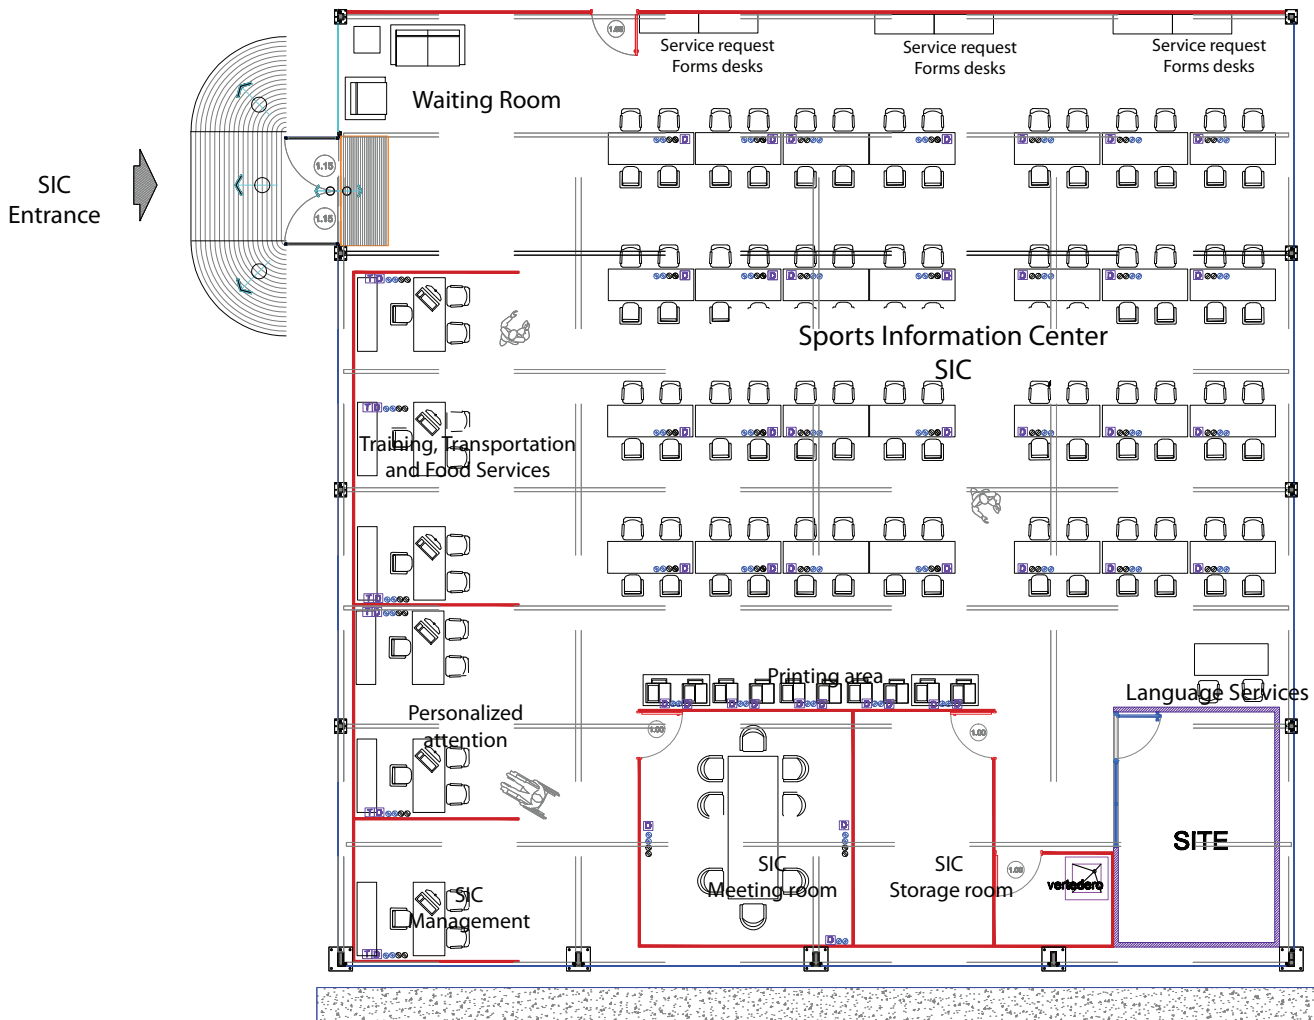

The groups will also help manage NOC needs with the respective functional areas such as:

- a. Transportation, only for matters related to the competition or training.
- b. Box lunch, during the competition period of each discipline.
- c. Training schedules, before and during the competition.
- d. Accreditation replacement, management of accreditation authorization by medical substitution and classification change from P to Aa.

Sports Information Centers at the Competition Venues

There is a Sports Information Center at each of the competition venues. The opening time is two hours before the beginning of the competition closing one hour after the end of the competition operating only during competition days.

This Center is of vital importance for the competitions since its objective is to distribute the information to all other functional areas of the Organizing Committee as well as the users (people who carry an access ID for the SIC).

It also provides the service request forms to the users (transportation, box lunch and accreditation) in order for those to be processed.

The Venue SIC provides the temporary access pass to the competition venues if the respective accreditation is lost or damaged. This applies when the entry of any person who is directly linked to the competition is necessary, for instance athletes and technical officials.

The SIC together with the sport entries department coordinate the delivery of the temporary access passes which grant the following rights:

- a. Access to the Warm up area and field of play
- b. Use of transportation exclusively to return to the Pan American Village.
- c. This temporary pass only works to access on the appointed date, this means, he/she will not be able to enter a second time

Another function of these information centers is to coordinate the scheduled trainings of each sports discipline before and during the sports competitions.

SICs at Training Venues

The training SIC is located at the venue marked in the training schedule.

This schedule may vary according to the sports and activities programmed for of each discipline (during the competition) and at the training venue.

The function of the SICs at the different training venues is to coordinate the entry and exit of delegations to the training venue in order to ensure the proper functioning of the venue.

BB

Pan American Identity Card

Identification Document that ensures the bearer access to the facilities of the XVI Pan American Games Guadalajara 2011 and the necessary privileges for the good performance of their activities.

Loss or damage of the accreditation

In case of loss or damage of the already validated accreditation the bearer must let the Chef de mission of his/her Delegation know what happened, and he /she shall inform the fact in writing to COPAG and request the issuance of a new ID.

The lost or damaged accreditation shall be cancelled in the system and it will not be able to be validated even if it's later found.

The new accreditation shall be issued and delivered at the Accreditation Center of the Pan American Village for the Delegations and Official Hotel for the authorities and competition officials.

Medical Services

From the opening of the Pan American Village, ample and efficient Medical services will be available, from the opening of the Pan American Village providing attention to those who require it, whether inside or out of the Pan American venues.

Doping

Doping control will be made according to the regulations established by PASO Medical Commission, the regulations of the corresponding International Federation and the standards and procedures of the world antidoping agency.

Medical Services at the Pan American Village

Comprehensive, accessible and efficient medical care will be provided during the XVI Pan American Games Guadalajara 2011 to everyone requiring assistance in any of the Pan American venues, including non-competition venues.

The Polyclinic, a medical facility within the Residential Zone of the Pan American Village, will provide all persons with access to the Village a wide range of services including sports medicine, physiotherapy, orthopedics, radiology, pharmaceutical services, dental services, general medical consulting services, and 24-hour emergency services. The clinic will also have the availability of an ambulance service outfitted with a mobile Intensive Care treatment unit. This center will be linked to a network of accredited hospitals for ongoing care, if required.

A first-aid station will be in operation at the Village's International Zone.

Designated members of the Pan American Family will receive free emergency medical treatment within the medical services facilities from their official arrival date to their official departure date.

Medical Services at training and competition venues

Medical Stands will be available to render first aid to athletes and officials at every Training and Competition venue, with ambulances available to be used for emergency transportation to certified hospitals, if necessary.

Transportation

Transportation services for the XVI Pan American Games will begin on September 29, 2011. Athletes and Team Officials that arrive to the International airports of Mexico City (Benito Juarez) and Guadalajara (Miguel Hidalgo y Costilla) will be received and assisted by COPAG's transportation services staff. A transportation service to take athletes and officials to the Pan American Village will be available on a 24-hour basis at the Miguel Hidalgo y Costilla airport.

Participants bearing a TA accreditation will have access to exclusive vehicles (dates and hours of operation to be determined), by sport according to the competition schedule. The COPAG transportation system will supply all athletes and officials with the necessary and timely information for transportation to and from the airports, training and competition venues, and the Pan American Village.

On competition days, authorized athletes and officials will be transported in a designated shuttle bus during the established schedule according to the general program, which will be provided.

Transportation to the training venues will be scheduled and provided upon specific request, made at least 24 hours in advance at the Sports Information Center of the Pan American Village.

BB

Media Services

Mixed Zones

The mixed zones will be set up in the competition venues to facilitate interactions between athletes and the media. Athletes must pass through the mixed zone after finishing their competitions, but they are not obliged to answer questions from the media. Each journalist must conduct the interview in one minute.

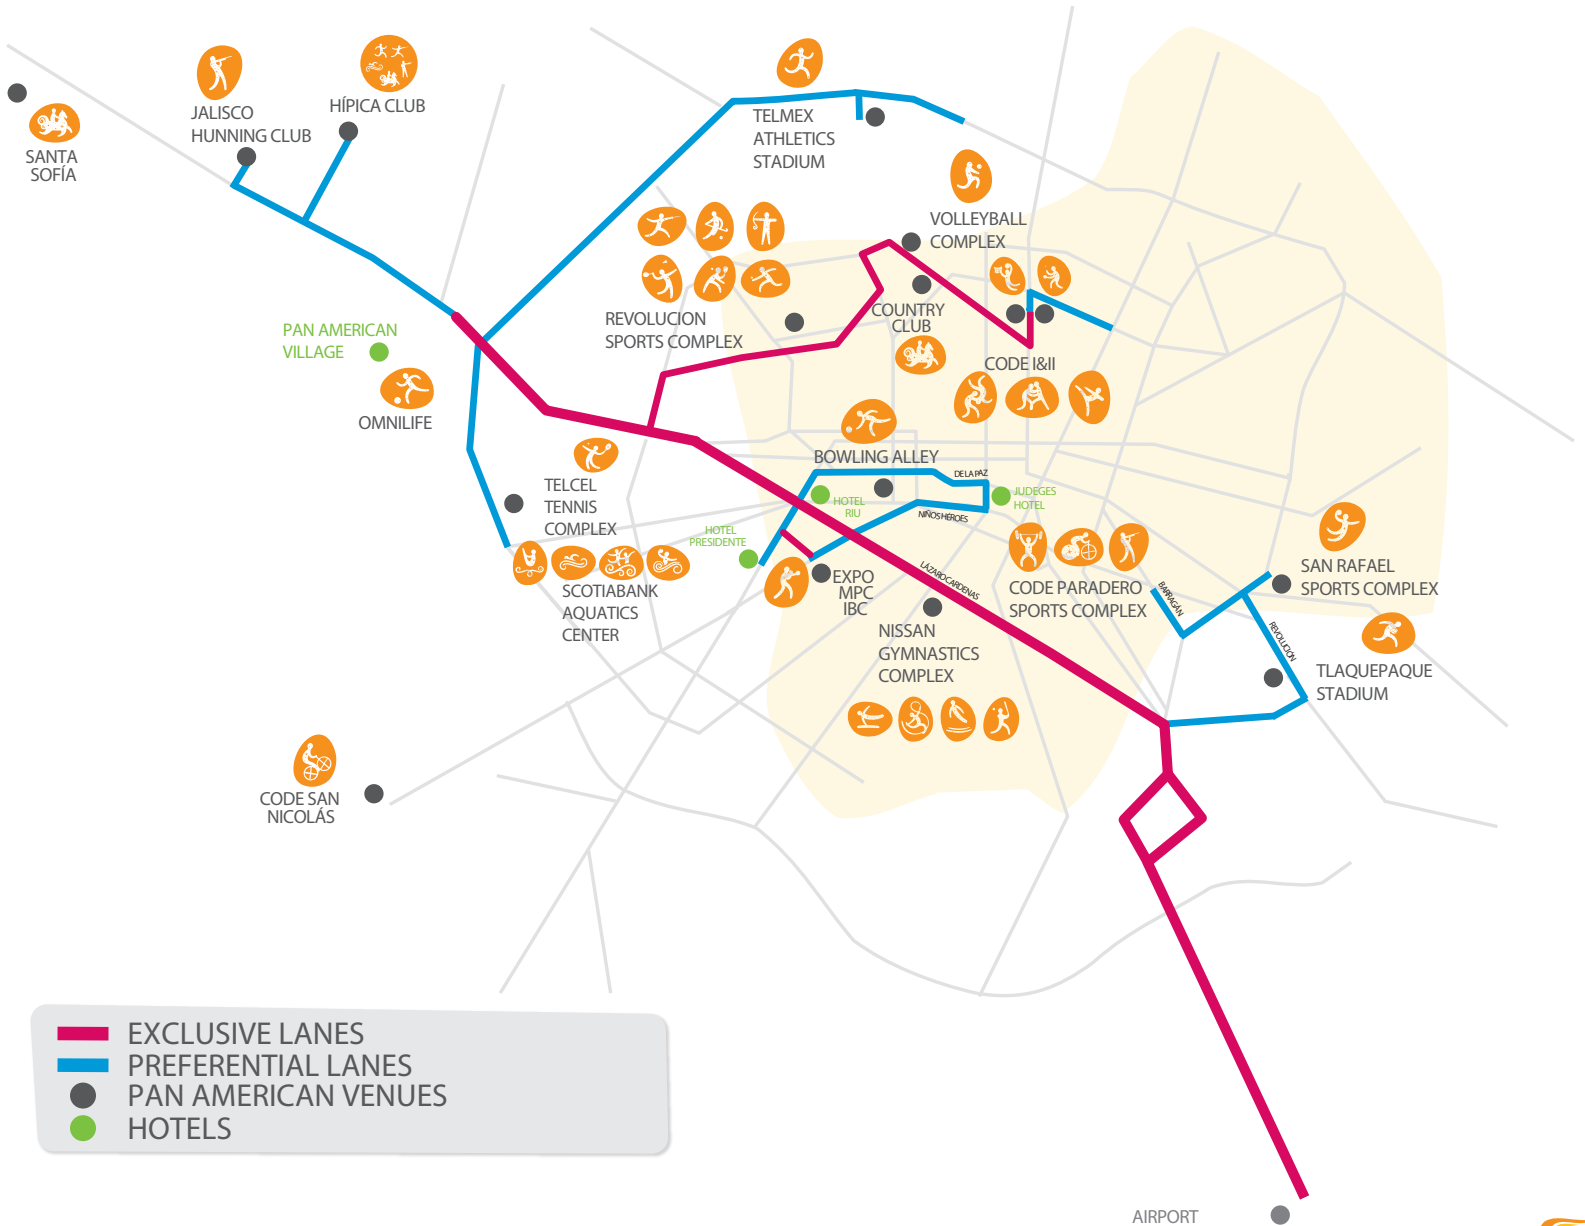

Press Conference

Generally, a press conference with the medalists will be organized immediately after each final (if necessary, coaches and other athletes may also be invited). COPAG's Media Services staff will introduce the competitors in the press room. During the conference, there will be simultaneous translation.
